

PRESS RELEASE: For Immediate Release

Applied Geographics Celebrates 15 Years of Successful GIS Consulting

BOSTON – July 2006 – This month, Applied Geographics, Inc. (AppGeo) celebrates its 15th anniversary. Since 1991, AppGeo has provided state-of-the-art GIS and IT consulting services and solutions to federal, state, and local government clients throughout the nation.

"Our company is built on customer satisfaction and enduring relationships, and we mark this milestone with gratitude and appreciation for our many loyal customers," said AppGeo President Rich Grady. "Our Principal Management Team has both the experience and vision to help our customers achieve an advantage with GIS and related technologies, and our professional staff is the best in the business."

AppGeo Principals include Rich Grady, Executive Vice President Michael Turner, as well as Vice Presidents Peter Girard, Steve Anderson, and David Weaver. Together, this team has over 120 years of GIS experience, and a long-standing commitment to customer service and GIS achievement.

"GIS and IT technologies have changed dramatically since we founded AppGeo in 1991", said Executive Vice President and co-founder, Michael Turner. "Keeping pace with that change, is a core challenge for our customers and we are proud of the leadership we have been able to provide. With the advent of new technologies and new players in our industry we are seeing both a rapid market expansion and a GIS technological renaissance and we look forward to the next 15 years."

About Applied Geographics, Inc.

Applied Geographics, Inc. (AppGeo) has been providing high quality GIS services to government and private clients since 1991. AppGeo's consulting services cover the lifecycle of GIS implementation: strategic planning, system design, data development, custom applications, GIS web site development, custom cartography, training and technical support. AppGeo services are available through a variety of state blanket contracts and nationwide through its GSA IT Schedule.
