

Applied Geographics, Inc.

JOB OPENING:

Job Title: GIS/IT Project Manager

Location: Boston, Massachusetts

Date Posted: May 1, 2009

Job Description: Applied Geographics, Inc. (AppGeo) has an opening in our Boston office and seeks a talented and motivated person to join the company's consulting team as a GIS/IT Project Manager. The successful applicant will join a professional staff focused on planning and applying GIS and IT to satisfy specific customer needs such as enterprise architecture planning, applications development, and metadata management.

This position requires hands-on GIS and IT skills and the ability to manage multiple projects simultaneously. Strong communication skills are required for both direct customer interaction and acting as a liaison between the client and AppGeo specialists (i.e. data development and programming staff). Applicants should also have very strong knowledge of GIS/IT system integration and software specifications, and have a minimum of 5 years of experience with the ESRI suite of software products, SQL Server and/or Oracle RDBMS.

Applicants should have working knowledge of implementing GIS and IT for both public and private sectors and in some or all of the following areas: system planning; data collection methods; database and application configuration as well as other Internet and desktop applications of GIS.

Candidates should have, at a minimum, a Bachelor's degree in a field related to GIS/IT and 5 years of professional experience. Project management credentials (e.g. budgeting, scheduling, customer relationship management and business development) are highly desirable. Some out-of-state travel required. Salary will be commensurate with skills and experience.

Please email your resume and a cover letter to TechPM@appgeo.com. No calls please. Your cover letter should document your citizenship status and salary expectations.

About AppGeo: AppGeo was founded in 1991 to provide GIS professional services to a wide-range of governmental and private sector customers. We offer competitive salary and benefits. AppGeo is an Equal Opportunity Employer.
